Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: January 1998 was the month in
which my health was improved. I had
been tested & was determined to have minimal
hormone levels. April 1999, with hormone
replacement therapy, I am nearly back to normal
My HAT is synthetic "natural" which increases
absorption. It is made in Wisconsin. Therefore
I oppose any restrictions on medications shipped
across state lines
